

SEALANT AND
WATERPROOFING
ASSOCIATION

EIFS Quality Assurance Program

The Sealant and Waterproofing Association is pleased to present a seminar about the new EIFS Quality Assurance Program (QAP). The EIFS industry through the introduction of a Quality Assurance Program hopes to reaffirm its position as a leading cladding option with the Architectural Design & Building Restoration Communities based on the rigorous quality standards they hope to achieve with the introduction of a QAP. Major components of this presentation that will be of particular interest to SWA Members include:

- *Manufacturer Evaluation and Licensing*
- *Contractor Accreditation & Licensing*
- *Installer Certification & Accountability*
- *Conflict Resolution*
- *Bonding Requirements*
- *3rd Party Warranty and Inspection*

Please join us and bring a guest for what promises to be a fascinating and informative session.
