

For the Best Sealant, Just Remember Two Letters.

**Weathersealing**  
**Structural Glazing**  
**Specialty**  
**Paintable Sealants**  
**Coatings**

GE sealants offer the customer a wide range of solutions to meet the demanding requirements of today's construction industry. With decades of expertise and product development we are able to provide you with a full line of innovative products, exceptional technical service and industry leading warranties. Whether it's a new or remedial application, our expert team provides a full spectrum of support including design reviews, lab testing, and field technical support to ensure your project is a success.

The inherent properties of silicone provide excellent long-term resistance to natural weathering, including: ultraviolet radiation, high and low temperatures and rain and snow, with negligible change in properties. Silicones have proved to be the longest lasting sealing material available for construction applications. From low-modulus sealants for EIFS and non-staining sealant for natural stones to custom colors or flexible silicone coatings, we offer products to achieve demanding aesthetic designs without sacrificing performance.

Product by Primary Application	Product Description	Key Benefits	Composition	Movement Capability	Substrates						
					EIFS	Paint	Plastic	Stone	Concrete	Most Metals	Wood
<b>Weathersealing</b>											
<b>SilPruf SCS2000</b>	Versatile Silicone Weatherseal	• Suitable for high joint movement	Silicone	+/-50%	•	•	•	•	•	•	
<b>SilPruf LM SCS2700</b>	Low Modulus Silicone Weatherseal for EIFS	• Superior adhesion to EIFS	Silicone	+100%/-50%	•	•	•	•	•	•	
<b>SilPruf NB SCS9000</b>	Non-Staining Silicone Weatherseal	• reduced dirt pick-up • suggested for use with natural stones	Silicone	+/-50%	•	•	•	•	•	•	
<b>SilShield SEC2400</b>	Colorfast, Alkali Resistant Weatherseal	• Primerless adhesion • Vapor permeable	Silicone	N/A	•	•			•	•	
<b>SilGlaze II SCS2800</b>	General Purpose Sealant	• Bedding sealant for in-shop window fabrication • fast green strength build	Silicone	+/-50%			•			•	
<b>SWS</b>	Weatherproofing Sealant	• Contractor grade • General purpose silicone	Silicone	+/-35%			•		•	•	
<b>UltraSpan US1100</b>	Pre-Cured Silicone Weatherstrip	• For building repair and restoration of failed sealant • GE silicone products compatible	Silicone	+200%/-100%	•		•		•	•	

<b>Structural Glazing</b>										
<b>SilPruf SCS2000</b>	Versatile Silicone Structural Glaze	• Suitable for high joint movement	Silicone	+/-50%	•	•	•	•	•	•
<b>UltraGlaze SSG4000</b>	Structural Silicone for Field and In-Shop Glazing	• High Strength • Suitable for in-shop or in-field	Silicone	+/-25%		•				•
<b>UltraGlaze SSG4000AC</b>	Accelerated Cure Structural Silicone for Field and In-Shop Glazing	• High Strength • Suitable for curtain wall applications	Silicone	+/-25%		•				•

<b>General/Specialty</b>										
<b>Sanitary SCS1700</b>	Sanitary Silicone	• Indoor/outdoor use • Bedding sealant • Mildew resistant	Silicone	+/-25%		•	•	•		•
<b>SCS 1200</b>	High Strength Acetoxy Silicone	• FDA/USDA compliant • High strength	Silicone	+/-25%		•	•	•		•

<b>Paintable Sealant</b>										
<b>RCS20</b>	Non-Staining Paintable Sealant	• Suggested for an acoustic barrier • Suggested for crack repair • Soap and water clean-up	Acrylic	N/A	•	•				•
<b>SCS7000</b>	Paintable Performance Sealant	• Soap and water clean-up	Hybrid	+/-50%	•	•		•	•	•

<b>Coatings</b>										
<b>SilShield SEC2400</b>	Silicone Elastomeric Architectural Coating	• Colorfast • Alkali resistant • Primerless adhesion • Vapor permeable • Renewable 10 year warranty	Acrylic	N/A	•	•		•	•	•
<b>EW23</b>	Paintable Waterproof Coating	• Can be used on new or previously painted substrates • Soap and water clean-up • 5 year warranty	Acrylic	N/A	•	•		•	•	•
<b>EW24</b>	Paintable Waterproof Coating	• 300% elongation • Soap and water clean-up • 10 year warranty	Silicone	N/A	•	•		•	•	•
